JONWAYNE M. RAMOS
INFORMATION TECHNOLOGY STUDENT
ramosjwayne@gmail.com | 0965 991 6146

PROFESSIONAL SUMMARY

Information Technology student at Northeastern College with foundational knowledge of computer systems servicing, network configuration, server setup, and web styling. Has completed online training and technical learning activities covering computer maintenance, CSS, Cisco Packet Tracer, cybersecurity awareness, and Microsoft tools. Eager to apply classroom knowledge, strengthen practical IT skills, and contribute to a team in an internship or entry-level opportunity.

EDUCATION

Bachelor of Science in Information Technology
Northeastern College Santiago City, Isabela

TECHNICAL SKILLS

- Computer Systems: installation, configuration, troubleshooting, and maintenance fundamentals
- Networking: basic network setup and Cisco Packet Tracer
- Servers: foundational server setup and configuration
- Web and Programming: CSS fundamentals and introductory C#
- Digital Skills: Google Workspace, Microsoft Learn modules, and Power BI fundamentals
- Cybersecurity: basic digital safety, threat awareness, and cyber hygiene

TRAINING AND CERTIFICATES

Computer Systems and Networking TESDA Online Program

- Introduction to Computer Systems Servicing - September 2026
- Installing and Configuring Computer Systems - September 2026
- Setting Up Computer Networks - September 2026
- Setting Up Computer Servers - September 2026
- Maintaining Computer Systems and Networks - September 2026

Networking and Web Development

- Getting Started with Cisco Packet Tracer - Cisco Networking Academy, September 2026
- CSS Essentials - Cisco Networking Academy, October 2026

Microsoft Learn

- Explore Fundamentals of Real-Time Analytics - October 2026
- Explore the Analytics Process That Turns Data into Insights - October 2026
- Get Started Building with Power BI - October 2026
- Explore Prebuilt Microsoft Copilot Agents - October 2026

Webinars and Digital Skills Activities

- Digital Trust in the AI Era: Detecting Deepfakes and Strengthening Cybersecurity - DICT Region IV-A, July 2026
- Build Back Better: Practical Implementation (National Disaster Resilience Month webinar) - DICT Region IV-A, July 2026
- Don't Get Hacked: Detect, Defend, and Secure Your Digital Life - DICT Region V, August 2026
- Being a Hobbyist Game Dev in the Modern Era, under Press Start: Game Development in Region VIII - DICT Region VIII, August 2026

ADDITIONAL LEARNING

Interested in continuing to learn about information technology, computer troubleshooting, networking, cybersecurity, software tools, and emerging technologies. Willing to learn new systems and follow technical instructions carefully.
